**Could you use a rapid cash advance for your business?**

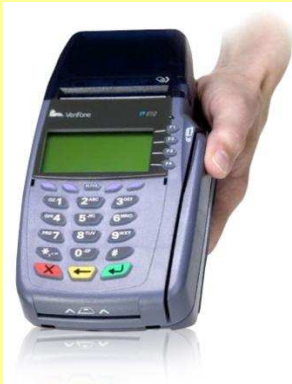

From guest houses to B&B's, from garages to cafes - the latest offering in working capital and short term cash could be the key to your business success.

## How can this product help me?

Tens of thousands of businesses like yours secure immediate cash borrowing against future credit / debt card sales. This form of finance has numerous advantages over traditional short term finance and has been a success story for many entrepreneurs looking to develop their business in challenging times. We have teamed up with Merchant Cash Express (MCE) to bring this great new service to our customers.

- Additional **working capital**
- **Equipment** purchase
- **Stock** purchase
- **Renovation / Expansion**
- **Payroll & VAT** payments
- **Emergency cash**
- **Cash flow** needs for seasonal businesses

Funds can potentially be released a mere 10 working days after application and with payments wholly dependant on your credit card takings, if you don't get paid, MCE doesn't get paid. There are no penalties, interest charges or hidden fees giving you complete peace of mind.

The business cash advance is repaid by allocating a portion of your credit / debit card takings to MCE until the purchase amount is settled. This product is so good that approximately 80% of customers return for an additional cash advance.

## What makes this product so attractive?

Our goal is to provide the working capital you need to grow your business...FAST. We've eliminated the red tape required by most capital providers allowing a rapid solution to your short term cash needs.

If you have an immediate business need that you are struggling to fulfil - this could be the answer.

- Lump sums of cash from **£3,500 upwards**
- **Simple, fast** application process
- **Quick decisions** by real people, not computers
- **No security** required
- **No audited accounts** or **tax returns** required
- **No fees** or **hidden charges** - completely transparent
- **No fixed payments** - MCE get paid when you get paid
- **No fixed term** and **no early repayment charges**

We understand that you could need cash now for your business investment, not in 6 months time - but NOW!

For this reason there is no interview process or extensive list of qualifying criteria - a few questions and a conversation with one of our experienced, professional staff and you could well be on your way to realising your business dreams

## How do I get a quote?

### Option 1

Call XXXX XXXXX today on  
XXXXX XXXXXX

Answer a simple questionnaire

MCE will contact you  
within 2 hours
